

EDSMART

NEW TOWN HIGH SCHOOL

EdSmart is a web based online tool to capture information and responses for your children's excursions and activities.

Activities may include: annual whole school swimming carnival, Gr 7 and Gr 10 peer support camps, whole school beach days, Music tour in Melbourne, Music camp at Orana Lauderdale, Inter-high Swimming Carnival, Gr 7 Swim trails, Basketball and Soccer ADP trip to Melbourne, assisting Primary School at their Carnivals, Triathlon, College and University Taster Days, Ski Trip to Mt Hotham, Northern Territory Tour, Enrichment Day, End of Year Activities, Outdoor Education camps and short courses, ANZAC House Sports and Inter-high Athletic and Cross Country days.

Why do schools use EdSmart?

Schools spend considerable amounts of time managing paper forms, even a modest sized school is creating, copying, distributing and collating hundreds and hundreds of paper forms every year. By switching to online forms the school is able to save many, many hours of staff time, and free up that time for more important activities, like teaching and supporting your children. In addition, of course reducing paper usage is fantastic for the environment.

How does it work for a parent?

You simply click a link shown in the email example below. A secure web page will open, containing information from the school, and various questions for you to complete and answer. Some forms include Google Maps, to show you where the activity is taking place. Some may have a calendar icon you can click to add the activity to your own electronic diary, like Outlook or Google Calendar.

Do I need to do anything to register or set up?

No. EdSmart does not use mobile apps or any special software. You do not need to register or set anything up. All you need is an email address and a web browser. In addition, all the EdSmart web pages are specifically designed to work great on desktop computers, tablets and smartphones.

Is my information safe?

EdSmart stores your information in a secure data centre operated by Microsoft Azure in Australia, and is compliant with all aspects of the relevant Australian privacy legislation. The information is only accessible to a select group of staff at your school.
